**Isn't It Time You Stopped Quietly Watching and Waiting to See How Things Unfold in Your Relationship?**

You may be struggling to connect and clearly communicate your feelings to your significant other or spouse right now. Perhaps you're hoping this too will pass and you'll both be ok again in a few days.

But what if this time is different?

You've seen it in the movies, the dream couple you thought would stay together forever end up drifting apart even though they love one other, simply because they allowed the small things to mount up over the years.

**And while some of the best dating parts of these movies seem to be playing out in your own relationship right now, I want you to know that you have the power to avoid a happy ending.**

**You see, you have time to recover your relationship. But, you might not have the strategies to do so.**

**That's where the Couples Rebooted program comes in. It's a digital coaching program exclusively for couples who are committed to getting back on the right track.**

**Getting back together, you'll discover how to:**

**Look, love to heart. Not as in missing, separating assets, searching for new apartments and dealing with divorce lawyers. It's about a whole bunch of other stuff in your relationship, you can salvage what you love about.**

**Let me give you the tools, resources, support and guidance to get the pieces back together!**

**Stay ROOTED & BOOTED.**

To, meet ADRIAN.

JADIA is the co-founder of a rugged street style brand KILMURPHY based out of South-COAST in Los Angeles. She travels around the globe leading street style tours. He even performs on tour with A-Lin sometimes such as Madonna, Beyonce, Jay-Z, Cardi B, and more.

He was having a hard time finding a lifestyle brand that compliments his rugged style.

Well, that wasn't his problem and he got ROOTED. Now, don't get me wrong, there are a lot of brands that JADIA loves, but one of the ones she's rooted into.
